Our Values and Mission

THANK YOU FOR YOUR INTEREST
IN SPONSORING STREAM
SYNDICATE.

As a registered non-profit organization with the mission of advancing education, sponsorships support our initiatives by providing adequate learning materials and funding for its activities. We believe in taking a holistic approach to learning through the integration of arts, humanities and STEM fields.

Who We Are

Our members span across Canada, with a national board of directors managing operations in British Columbia and Ontario. Within the Ontario sector, the provincial board of directors manage a magazine to provide a resource and a platform for youths of all ages. This branch also oversees an ambassador program of over twenty high schoolers across the GTA.

OUR INITIATIVES

PROJECTS ESTABLISHED PROVINCIALY TO ADVANCE EDUCATION

ONGOING/COMPLETED:

- **Workshops**
- **Art Gallery Displays**
- **Magazine issues**
- **Non-profit organization fairs**
- **Various public events such as Hackathons, coffee houses, galas**

As a relatively new organization, STREAM began with magazine issues which were published digitally and promoted throughout online platforms.. We've received thousands of views for our e-magazine, alongside with submissions from youths across Canada.

Every two months, we'll take on a new focus. On the second month of each focus, we'll hold public events for initiatives in support of these topics:

- > January & February: Science
- > March & April: Technology
- > May & June: Reading
- > July & August: Engineering
- > September & October: Arts
- > November & December: Mathematics

In the past, we've also partnered with Conchoridum, a non-profit organization with a focus on music in the curriculum. Together, we published a video with over 60 testimonies of students across Canada to advocate for music in the curriculum to the Ministry of Education.

Within this initiative, we've also collaborated with other organizations such as Target Alpha, Project Ethos, PUMP (Prospective Medical Professionals), opp org, the R.O.S.E Alliance, YENYR, pitch it green, MTAC, SJMF Youth, and many more

Within the community, we also have ambassador programs for those in high school to enrich their volunteer experiences and contribute to advancing education.

These ambassadors are given the opportunities to promote for art/literary contest submissions, volunteer for our public events, and attend our workshops for free. In addition, they have access to our online educational resources such as our list of volunteer opportunities with various non-profit organizations

Depending on the provincial sector, ambassadors also work in conjunction to executives for monthly initiatives to support humanitarian causes, such as donating to SickKids Hospital.

Our upcoming initiatives include workshops with guest speakers at various Canadian universities/colleges to share their experience and deliver advice to younger age groups in preparation for post-secondary education.

WE NEED YOUR SUPPORT!

By aligning yourself with young stakeholders, your company/organization sends a positive message about your community engagement and improve your brand recognition with present and future customers. Your sponsorship of this organization will undoubtedly inspire more youths to learn about our cause and help advance education beyond the community. We hope that you will join this movement alongside with youths across Canada and inspire action!

If you would like more information on how to become a sponsor, or if you would like a team member to make a presentation in person about a potential corporate partnership, please feel free to contact us!
